ETCHING DESIGN RELEASE

The Catholic Cemeteries Association of the Diocese of Cleveland (hereinafter "CCA") recommends that any memorial manufactured for the purpose of placement upon a Place of Interment within a cemetery operated by the CCA be constructed of a material and inscribed to minimize the possibility of damage. Designs etched into a memorial using either hand tools or a laser etching machine (collectively referred to as "Designs"), are very delicate and susceptible to damage from any number of natural forces and from equipment used in the normal course of cemetery maintenance.

The undersigned acknowledges that the above described Design that is incorporated into a memorial is easily damaged due to the delicate nature of the etching process.

 The undersigned Owner of the Right of Interment or duly authorized individual having authority over the Right of Interment of Lot#_____Grave#_____ in Section#_____Cemetery,

in consideration of the grant of permission from the CCA for the incorporation of the Design more specifically identified on Exhibit "A" attached hereto and incorporated herein, on behalf of myself, my heirs, assigns and on behalf of the owner(s) of the Right of Interment and their heirs and assigns, do hereby DISCHARGE, RELEASE AND HOLD HARMLESS the Catholic Cemeteries Association of the Diocese of Cleveland and their respective successors and assigns, from all claims, demands, costs, expenses, damages, actions and causes of action arising from any damage to said Design.

IN WITNESS WHEREOF, I have hereunto set my hand on this the _____ day of _____, 20___.
